Subject:- Levy of Water Charges - C.T. Institute, Mysore.

---

8) In his letter No. C.270/P R.121/43-44 dated 17-6-44 copy placed below) the Vice President, City Municipality, Mysore, has stated that it is not possible to fully exempt the Institution from the levy of water charges and that the concessional rate on the basis of 50% of the monthly consumption of water may be paid as per existing practice. He was requested in my letter dated 1-7-1944 to place the matter before the Council pointing out that the Institution is purely a Government Educational Institution and not a quasi Commercial Institution as presumed by him. The Vice President has replied to say that the matter is pending before Government for final decision

"D"

9) As Chamarajendra Technical Institute is purely an Educational Institution established for training students in several arts and industries, there will be no justification in levying water charges or octroi duty on raw materials imported Government may be pleased to exempt the payment of such charges

16/12/44

12)
The Mysore Govt and el are prepared to allow 50 per cent of the water consumed by the Institute free The Dr of Ind & c requests that the Institute may be exempted from payment of water charges

15) Submitted for orders

18/12

P.L bring up for 18/12/43

11) Water is being supplied to the Chamarajendra Technical Institute Mysore and no charges seem to have been made for the water consumed by the Institute With a view to know what exactly the consumption would be every month the mechanical fitted the meter on July 1939 The statement flagged "H" shows the quantity of water consumed every month by the Institute From the statement it is seen that a large quantity of water is being consumed without the payment of any charge

15) The Dy, Govt, Mysore states that 50 per cent of the water consumed by the Institute will be allowed free & the balance will be charged at the usual rates The Dr of Industries & Commerce who was consulted in the matter requests that the Institution

may be exempted from payment of water charges on the ground that the Institute is purely an educational institution established for training ~~for~~ students in several arts & industries etc. (Vide Paras 8 & 9 of the notes)

E) There is no resolution of the Mal. Committee agreeing to allow 50% of the water free.

If agreed, the Addl will be requested to obtain & forward a resolution of the Mal. Committee in this behalf

17) A draft letter is however submitted for orders.

Returned, with compliments

It is seen from the U O File that the Director of Industries & Commerce in Mysore, Bangalore, is of opinion that Sri Chamarajendra Technical Institute is purely a Government Educational Institute and not a quasi-commercial Institution as presumed by the Vice President, City Municipality, Mysore The question whether the Institution is purely Educational or quasi-commercial will have to be decided at the first instance

A as a recommendation had been made in this office U O No 3113/S dated 13-5-1946 that the water consumed at the Palace and all Government Institutions at Mysore might be free of cost in view of the large investment by Government on the capital works up to Mysore

If the Institution is decided to be a quasi-commercial Institution as opined by the Mysore City Municipality, an - - exemption to an extent of 50% on the consumption of water may be allowed as agreed to by the Municipality

In this connection it may be mentioned here that in case the recommendation mentioned in para 2 supra has been accepted

B by Government, para 83 of the draft rules for the regulation of water supply in Mysore City, framed, on the lines of the Rules in force at Bangalore, as per direction, will have to be suitably altered before the draft rules are approved and issued (Vide , correspondence ending with this office No 2300/S dated 22-4-1947)

OFFICE OF THE PRESIDENT
CITY MUNICIPAL COUNCIL MYSORE

Date 194

From R Ramachandra Rao Bhombore, Esq B A.
PRESIDENT, CITY MUNICIPAL COUNCIL,
MYSORE

To
G Narayanaswamy Naidu, Esq., B A, B L.
Secretary to Government, Law Department,
Bangalore

Sir,

Ref Levy of water charges in respect of Chama rajendra Technical Institute.

I have the honour to state that in accordance with the Government Order No 5623-23 Ml. 25-12-9 dated 31st January 1923, 1605-65 Mis 171-12-8 dated 16th August, 1922 and G O No R 1696-800/Ml 81-20-1 dated 2nd August 1920 (vide Rule No.28 Note 1, and 5 Municipal Accounts Manual Part II, extracted below for ready reference, water charges are being levied on buildings where Government Factories or other quasi Commercial Institutions are located and thes are being recovered on non-domestic basis, i.e , at, rupee one per 1000 gallons Instances in point are Sandal Oil

Factory, Mysore State Railway, Silk Factory, Exhibition Buildings

Presumably because it is also a training Institute, the Chamarajendra Technical Institute which is also a quasi Commercial concern has escaped this levy The connection under reference was metered just to see how much water was being consumed. The extent of water consumed during the metered period is noted in the annexed statement for kind informatic As the Institute is also a teaching Institute, I woul suggest that 50% of the consumption may be allowed free and the balance charged for, at the usual rate and I request you kindly to obtain sanction of the Government to the proposal.

I have the Honour to be,
Sir,
Your most obedient servant,

PRESIDENT

President

Letter No. C.270 P.R.121/43-44 dated 17th June 1944 from the Vice President, City Municipal Council, Mysore to the Director of Industries and Commerce in Mysore, Bangalore.

In reply to your office communication dated 8-5-44 regarding levy of Water Charges from the Chamarajendra Technical Institute, Mysore, requesting for supply of water free of charge, I have the honour to state that since the Institution comes under quasi commercial Institution it is not possible to fully exempt the Institution from payment of water charges As could be seen from the previous correspondence concession has been offered by levying charges only on fifty percent, of the total consumption of water in the month The levy is reasonable and I request you to kindly obtain sanction of Government for the proposal.

"C O P Y"

Director of Industries and Commerce in Mysore, Bangalore.

Correspondence ending with letter No.M5.C.385-98/46-7 dated the 4th June 1947 from the President, City Municipal Council, Mysore, in regard to the levy of water charges in respect of Sri: Chamarajendra Technical Institute, Mysore:

ORDER NO L.12823-6/Mnt **44-47-4

DATED, BANGALORE, THE 23 JANUARY 1948

Water is being supplied to the Chamarajendra Technical Institute, Mysore, and no charges have so far been levied for the water consumed by the Institute. With a view to ascertaining what exactly the consumption would be every month, the meter was fixed in the Institute in 1939, and it was found out that a large quantity of water was being consumed without the payment of any charge. As the Mysore City Municipal Council could not afford to lose the entire amount of income on this account, they have resolved that 50-percent of the water consumed by the Institute be allowed free and the charges for the remaining quantity be recovered at the usual rates charged for non-domestic connections. The Chief Engineer for Irrigation who was consulted in the matter agrees with the proposal of the Mysore City Municipal Council. Government consider that the Chamarajendra Technical Institute is a quasi-commercial Institution and that the proposal of the Municipal Council is fair and reasonable. They are accordingly pleased to direct that exemption from the levy of water charges to the extent of 50-percent of the water consumed be granted in favour of the said Institution and that the balance be charged at the rate of Rupee one per thousand gallons.

The arrear claims outstanding against this Institution may be disposed of on the basis of the above order.

By Order,
SECRETARY TO GOVERNMENT
REVENUE DEPARTMENT

To

The President, City Municipal Council, Mysore.
The Chief Engineer for Irrigation in Mysore, Bangalore.
The Director of Industries and Commerce in Mysore.
The Comptroller to Government of Mysore, Bangalore.
